

Homethrive Concierge Services

Your Care Guide can identify a range of affordable – or even free – services to assist with a variety of needs including:

Safety and Care Assistance

Professional care services and products built to minimize safety risks and provide support to aging adults living at home.

Home Care

In-home support for tasks such as bathing, dressing, eating, and other activities of daily living.

Home Health

In-home support through medically trained staff for needs such as assistance administering medication or medical treatment.

Home Modifications

Installation of home safety devices such as grab bars, stair railings, or stairlifts.

Personal Emergency Response Systems

Low-profile wearable emergency response devices and monitoring systems.

Durable Medical Equipment (DME)

Delivery of DME such as mobility or personal care aids.

Getting Out of the House

Services to help aging adults stay active while building social and emotional connections.

Transportation

Access rides across all service levels – from door-to-door help in a wheelchair to assistance booking Ubers.

Social Clubs and Community Events

Participate in events matched with your interests at local community centers, day centers, or social clubs.

Help In and Around the House

Services to address general home maintenance or household chores.

Home Organization

Assistance organizing paperwork and personal items, packing or moving, estate sales, and more.

Home Cleaning

Help with light to heavy household cleaning as needed or on a recurring basis.

Handyman Services

Help with miscellaneous needs such as fixing a leaky sink, replacing lightbulbs, and other maintenance.

Pet Walking/Care

Reputable and reliable pet care companies for your furry loved one.

Convenient Deliveries

Services available as one-time or ongoing requests to help save you time on errands and tasks.

Grocery Delivery

Time-saving delivery services to avoid trips to the grocery store.

Meal Delivery

Meal delivery services that can accommodate nutritional restrictions, dietary preferences, and health concerns.

Medication Delivery

Services to help organize medication and get prescriptions delivered to your door.

Personal Care Product Delivery

Selection of quality personal care products such as skin care, nutritional supplements, and first aid items at exclusive rates.
